As a part of its service commitment to its subscribers, Central Texas Telephone Cooperative continually provides voice grade access to the public switched network, interexchange carriers, telecommunications relay service and 911 emergency services. CTTC also provides access to operator services and directory assistance. Each local exchange access line comes with a primary directory listing at no charge and each subscriber automatically receives a CTTC directory annually. Furthermore, customers can report service trouble to CTTC twenty-four hours a day, seven days a week.

Central Texas Telephone Cooperative understands the importance of consumers having access to quality local telephone service. To help consumers obtain and keep their local service, CTTC offers reduced rates to eligible consumers under two programs: Lifeline and Link Up. Lifeline Service is a monthly discount on local service charges that is available to qualified consumers, and Link Up is a 50% reduction off telephone service installation charges, up to a maximum of \$30, for new service installation. Qualifying low-income individuals subscribing to residential service who are eligible for Lifeline and Link Up telephone assistance programs will receive discounts off basic local charges and are eligible for toll blocking at no charge. Additional information may be obtained by contacting the CTTC business office.

Basic services are offered to all consumers in Central Texas Telephone Cooperative’s service territory at the rates, terms and conditions specified in CTTC’s tariff on file with the Texas Public Utilities Service Commission.
